

Detention Pond Maintenance Seminar

Sponsored by the Alliance of Downriver Watersheds
and
Hosted by the City of Taylor

Tuesday, July 29, 2008
6:30PM Registration
7:00PM Seminar

City of Taylor
Council Chambers
23555 Goddard Road
Taylor, Michigan

This workshop is designed to introduce residents and property owners to:

- General detention pond responsibilities.
- What detention ponds are, why we have them, how they function and what maintenance is required.

Specific information will be given on:

- Watershed issues
- Specific maintenance tasks
- Vegetation in and around ponds
- Algae control
- Geese problems
- Working with lawn care companies

Sign Up Now!! Space is limited! There is no cost for this workshop.

Refreshments will be provided!
