

VOLUNTEER

BLAKELY ECORSE FRANK & POET WOODS

HELP TEST THE WATER IN DOWNRIVER CREEKS!

Volunteer this spring and summer to **collect samples from the waterways that flow to the Detroit and Huron rivers and Lake Erie**. Get outside, meet new people, learn about and help protect our home waters, and collect vital information for Michigan's premier volunteer water quality monitoring program. No prior experience necessary.

PROGRAM INTRO AND TRAINING:

Saturday, March 25, 2017

Time: 1:00 to 2:30 PM

Location: NEW Center, 1100 N Main St, Ann Arbor

This will be a classroom-based training session to introduce volunteers to the goals and methods of water quality monitoring in creeks. Techniques and topics covered include water sampling, measuring direct water chemistry, estimating stream flow, and program logistics. Hands-on training in field techniques will take place in April during the first week of sampling.
